Clicking New will take you to this screen, this will have a blank notebook image positioned in AR.
We are researching swiping functionality to change the pages, but left/rigtht arrow buttons may be an option as well.
Insert options:
      - From Clipboard
      - Choose Image From Gallery
      - Keyboard Input Box
            - Allows you to input keyboard text
            *pending the ability to paste the text on the book
